

Lifting Clamp

Flexibore® installation accessory

5 Tonne V3
Lifting Clamp

IDEAL FOR

- All Flexibore hose
- Both Crane and Truck & Crane installation methods
- Installation and retrieval

Lifting Clamps are an essential accessory for the safe installation of your submersible pump with Flexibore.

Crane method installations are the most common for larger projects and require two **Lifting Clamps**.

Truck & Crane method installations will need two **Lifting Clamps** and the Flexibore Installation Roller.

Crusader Hose offers a range of **Lifting Clamps** to best suit your bore installation project with ratings from 1.2 Tonne to 7 Tonne.

FEATURES

- ✓ Swing bolts
- ✓ Engineered design
- ✓ Rated for different weights
- ✓ Compliance tag

1.2 Tonne
Lifting Clamp

7 Tonne
Lifting Clamp
